Please read this form carefully before signing it

Under no circumstances should you sign this form if you are in any doubt whatsoever about whether you have sufficient funds for your fees and living costs (e.g. costs of room rent utilities food, clothing research related costs, books transport entertainment etc.).

University and College fees: Please note that University and College fees and other costs are set yearly and are subject to an annual increase, which are at least in line with inflation, and may be higher. At present, these increases are of the order of 5% per annum. If the course to which you plan to change is longer than twelve months, your estimated costs in subsequent years of study will be higher than the amount given for the first year of your course. You should therefore ensure that you have available, in advance, adequate financial provision for the whole of the duration of your course (including any possible over-run). This provision should take into account the annual increases mentioned above.

Currency Exchange rates: If you are an overseas student, you should allow for fluctuations in currency exchange rates. Even if your course is not over twelve months in duration, if it will span two academic years (because, for example, you will be starting your course in January or April), your fee rate will not remain constant over the entire period of your course.

Supplementing your income: You should note that graduate students are subject to restrictions relating to undertaking paid work whilst studying. There are restrictions to the type of work you may undertake and the number of hours you may work whilst you are registered as a graduate student. You should not rely on such work to generate essential income for your studies.

More information about working while you study can be found at the following website:
http://www.cambridgestudents.cam.ac.uk/your-course/graduate-study/your-student-status/working-while-you-study

Failure to provide accurate and honest information about your financial situation will be treated seriously by the University and/or your College. Under the Regulations of the University Composition Fee in Chapter I of the University’s Ordinances, students are required to pay fees for their course, as listed in the Table of Fees within that Chapter. In addition, under Regulation 10 of the General Regulations for Admission as a Graduate Student, the Board of Graduate Studies has the power to deprive any person of the status of Graduate Student if s/he has failed to pay the fees due from a Graduate Student. Furthermore, your College may decline to present you for conferment of a degree if you have outstanding debt to your College.

Declaration

In signing below, I confirm that, making due allowance for inflation, I have the funds available to me to meet all my University Composition Fees, College Fees and living expenses/maintenance for the whole period of my studies at the University of Cambridge, and if applicable for any person(s) with me in Cambridge.

I understand that non-payment of fees will necessitate withdrawal from the University and my College and that I will be liable to pay any outstanding debt (including any awards unpaid by third parties). I also understand that, if I am a member of staff of the University receiving the benefit of concessionary University fees and my employment contract ends before my studies, I will be liable to pay the full rate of fees for the remainder of my studies.

I hereby undertake to pay to the University of Cambridge and the appropriate Colleges of the University of Cambridge all monies that may from time to time hereafter become due in respect of University and College fees. I understand that prepayment of fees and charges may be demanded in advance at any point of the course.

Please circle/highlight one of the following sections, as appropriate to you and your circumstances and then sign the form. Section A covers all privately-funded applicants who are supporting themselves financially or whose parents, friends, relatives etc. are doing so:
