[Second M.B. Examination: Molecules in Medical Science](#)

[Second M.B. Examination: Neurobiology with Human Behaviour](#)

[Second M.B. Examination: Social context of health and illness](#)

[Final Veterinary Exam Part II](#)

[Final Veterinary Exam Part III](#)

[Second Veterinary M.B. Examination: Biology of Disease](#)

[Second Veterinary M.B. Examination: Comparative Vertebrate Biology](#)

[Second Veterinary M.B. Examination: Homeostasis](#)

[Second Veterinary M.B. Examination: Introduction to the Scientific Basis of Medicine](#)

[Second Veterinary M.B. Examination: Mechanisms of Drug Action](#)

[Second Veterinary M.B. Examination: Molecules in Medical Science](#)

[Second Veterinary M.B. Examination: Neurobiology with Animal Behaviour](#)

[Second Veterinary M.B. Examination: Preparing for the Veterinary Profession](#)

[Second Veterinary M.B. Examination: Principles of Animal Management](#)

[Second Veterinary M.B. Examination: Veterinary Anatomy and Physiology](#)

[Second Veterinary M.B. Examination: Veterinary Reproductive Biology](#)

Second M.B. Examination: Biology of Disease, 2019 - MDQ1BD

Monday 23 Sep	11.00-12.00	BOD1	Biology of Disease, Section I	Mill Lane Lecture-rooms Department of Pathology
Thursday 26 Sep	11.00-13.00	BOD2	Biology of Disease, Section II (Practical) (Details will be issued by the Department)	

Details of start times of practicals will be published by the Department of Pathology

Second M.B. Examination: Functional Architecture of the Body, 2019 - MDQ1FA

Monday 23 Sep	09.30-11.00	FAB4	Functional Architecture of the Body Sections I and II combined (Students to register at the Anatomy LT at 09.00, exam takes place in the Human Dissection Room, Anatomy Building)	Department of Physiology, Development and Neuroscience
---------------	-------------	------	--	---

Details of start times will be published by the Department of Physiology, Development and Neuroscience.

Second M.B. Examination: Head and Neck Anatomy, 2019 - MDQ1HN

Wednesday 25 Sep	10.00-10.45	HNA1	Head and Neck Anatomy (Section I) (Students to register at the Anatomy LT at 09.30, exam takes place in the Human Dissection Room, Anatomy Building)	Department of Physiology, Development and Neuroscience
Wednesday 25 Sep	10.00-10.45	HNA2	Head and Neck Anatomy (Section II) (Students to register at the Anatomy LT at 09.30, exam takes place in the Human Dissection Room, Anatomy Building)	Department of Physiology, Development and Neuroscience

Details of start times will be published by the Department of Physiology, Development and Neuroscience.

Second M.B. Examination: Homeostasis, 2019 - MDQ1HO

Tuesday 24 Sep	09.00-10.00	HOM1	Homeostasis, Section I	Mill Lane Lecture-rooms Department of Physiology, Development and Neuroscience Department of Physiology, Development and Neuroscience
Tuesday 24 Sep	14.00-16.00	HOM2	Homeostasis, Section II (Experimental written practical) (Details will be issued by the Department)	
Tuesday 24 Sep	14.00-16.00	HOM2/P	Homeostasis, Section II (Histology practical) (Details will be issued by the Department)	

Details of start times of practicals will be published by the Department of Physiology, Development and Neuroscience.

Second M.B. Examination: Human Reproduction, 2019 - MDQ1HR

Thursday 26 Sep	09.00-10.00	HR1	Human Reproduction, Section I	Mill Lane Lecture-rooms Department of Physiology, Development and Neuroscience
Friday 27 Sep	14.00-16.00	HR2	Human Reproduction, Section II (Practical) (Details will be issued by the Department)	

Details of start times of practicals will be published by the Department of Physiology, Development and Neuroscience.

Second M.B. Examination: Introduction to the Scientific Basis of Medicine, 2019 - MDQ1IB

Friday 27 Sep	12.00-12.45	ISBM	Introduction to the Scientific Basis of Medicine	Mill Lane Lecture-rooms
---------------	-------------	------	--	--------------------------------

Second M.B. Examination: Mechanisms of Drug Action, 2019 - MDQ1MD

Tuesday 24 Sep	11.00-12.30	MODA1	Mechanisms of Drug Action, Section I	Mill Lane Lecture-rooms
Thursday 26 Sep	15.00-17.00	MODA2	Mechanisms of Drug Action, Section II (Written Practical)	Mill Lane Lecture-rooms

Second M.B. Examination: Molecules in Medical Science, 2019 - MDQ1MI

Wednesday 25 Sep	09.00-10.00	MIMS1	Molecules in Medical Science, Section I	Mill Lane Lecture-rooms
Wednesday 25 Sep	10.15-12.15	MIMS2	Molecules in Medical Science, Section II	Mill Lane Lecture-rooms

Second M.B. Examination: Neurobiology with Human Behaviour, 2019 - MDQ1NB

Wednesday 25 Sep	14.00-15.30	NHB1	Neurobiology with Human Behaviour, Section I	Mill Lane Lecture-rooms
Friday 27 Sep	09.00-11.00	NHB2	Neurobiology with Human Behaviour, Section II (Practical) (Details will be issued by the Department)	Department of Physiology, Development and Neuroscience

Details of start times of practicals will be published by the Department of Physiology, Development and Neuroscience.

Second M.B. Examination: Social context of health and illness, 2019 - MDQ1SC

Friday 27 Sep	14.00-15.30	SECHI	Social and ethical context of health and illness	Mill Lane Lecture-rooms
---------------	-------------	-------	--	--------------------------------

Final Veterinary Exam Part II, Resit Examination, 2019 - VTE2R

Monday 16 Sep	13.30-15.30	1	Paper 1	Department of Veterinary Medicine
Tuesday 17 Sep	13.30-15.30	2	Paper 2	Department of Veterinary Medicine
Wednesday 18 Sep	09.00-11.00	PR	Practical examination (Details will be published by the department)	Department of Veterinary Medicine

Final Veterinary Examination, Part III, 2019 - VTE3/ Final Veterinary Examination, Part III, Resit Examination, 2019 VTE3R

Tuesday 10 Sep	13.30-16.30	C	Farm animal studies	Department of Veterinary Medicine
Wednesday 11 Sep	13.30-16.30	B	Small animal studies	Department of Veterinary Medicine
Thursday 12 Sep	13.30-15.30	D	Veterinary public health	Department of Veterinary Medicine
Friday 13 Sep	13.30-16.30	A	Equine studies	Department of Veterinary Medicine

ORAL EXAMINATION

Will take place in the week beginning 23 September at the Department of Veterinary Medicine, details will be published by the Department.

Second Veterinary M.B. Examination: Biology of Disease, 2019 - VTQ1BD

Monday 23 Sep	11.00-12.00	BOD1	Biology of Disease, Section I	Mill Lane Lecture-rooms Department of Pathology
Thursday 26 Sep	11.00-13.00	BOD2	Biology of Disease, Section II (Practical)	

Details of start times of practicals will be published by the Department of Pathology

Second Veterinary M.B. Examination: Comparative Vertebrate Biology, 2019 - VTQ1CB

Wednesday 25 Sep	09.30-11.00	CVB1	Comparative Vertebrate Biology, Section I (CVB1 and CVB2 combined in single 90 minute exam session)	Department of Physiology, Development and Neuroscience
Wednesday 25 Sep	09.30-11.00	CVB2	Comparative Vertebrate Biology, Section II (Written Practical) (CVB1 and CVB2 combined in single 90 minute exam session)	Department of Physiology, Development and Neuroscience

Details of start times of practicals will be published by the Department of Physiology, Development and Neuroscience.

Second Veterinary M.B. Examination: Homeostasis, 2019 - VTQ1HO

Tuesday 24 Sep	09.00-10.00	HOM1	Homeostasis, Section I	Mill Lane Lecture-rooms Department of Physiology, Development and Neuroscience
Tuesday 24 Sep	14.00-16.00	HOM2	Homeostasis, Section II (Experimental written practical)	
Tuesday 24 Sep	14.00-16.00	HOM2/P	Homeostasis, Section II (Histology practical)	Department of Physiology, Development and Neuroscience

Details of start times of practicals will be published by the Department of Physiology, Development and Neuroscience.

Second Veterinary M.B. Examination: Introduction to the Scientific Basis of Medicine, 2019 - VTQ1IB

Friday 27 Sep	12.00-12.45	ISBM	Introduction to the Scientific Basis of Medicine	Mill Lane Lecture-rooms
---------------	-------------	------	--	--------------------------------

Second Veterinary M.B. Examination: Mechanisms of Drug Action, 2019 - VTQ1MD

Tuesday 24 Sep	11.00-12.30	MODA1	Mechanisms of Drug Action, Section I	Mill Lane Lecture-rooms
Thursday 26 Sep	15.00-17.00	MODA2	Mechanisms of Drug Action, Section II (Written Practical)	Mill Lane Lecture-rooms

Second Veterinary M.B. Examination: Molecules in Medical Science, 2019 - VTQ1MI

Wednesday 25 Sep	09.00-10.00	MIMS1	Molecules in Medical Science, Section I	Mill Lane Lecture-rooms
Wednesday 25 Sep	10.15-12.15	MIMS2	Molecules in Medical Science, Section II	Mill Lane Lecture-rooms

Second Veterinary M.B. Examination: Neurobiology with Animal Behaviour, 2019 - VTQ1NA

Wednesday 25 Sep	14.00-15.00	NAB1	Neurobiology with Animal Behaviour, Section I	Mill Lane Lecture-rooms
Friday 27 Sep	09.00-11.00	NAB2	Neurobiology with Animal Behaviour, Section II (Practical)	Department of Physiology, Development and Neuroscience

Details of start times of practicals will be published by the Department of Physiology, Development and Neuroscience.

Second Veterinary M.B. Examination: Preparing for the Veterinary Profession, 2019 - VTQ1PF

Monday 30 Sep	09.00-09.45	PFVP	Preparing for the Veterinary Profession	Mill Lane Lecture-rooms
---------------	-------------	------	---	--------------------------------

Second Veterinary M.B. Examination: Principles of Animal Management, 2019 - VTQ1PM

Friday 27 Sep	16.00-17.00	PAM	Second Veterinary M B Examination - Principles of Animal Management	Mill Lane Lecture-rooms
---------------	-------------	-----	---	--------------------------------

Second Veterinary M.B. Examination: Veterinary Anatomy and Physiology, 2019 - VTQ1VA

Monday 23 Sep	09.00-10.00	VAP1	Veterinary Anatomy and Physiology, Section I	Mill Lane Lecture-rooms
Monday 23 Sep	14.00-16.00	VAP2	Veterinary Anatomy and Physiology, Section II (Practical)	Department of Physiology, Development and Neuroscience

Details of start times of practicals will be published by the Department of Physiology, Development and Neuroscience.

Second Veterinary M.B. Examination: Veterinary Reproductive Biology, 2019 - VTQ1VB

Thursday 26 Sep	09.30-11.00	VRBC	Veterinary Reproductive Biology, Section I & II Combined (VRB1 and VRB2 combined in single 90 minute exam session)	Department of Physiology, Development and Neuroscience
-----------------	-------------	------	--	---
